

TerraCycle recycle the ‘hard-to-recycle’ by working with brands, retailers, and other stakeholders who fund the recycling process. Concerned stakeholders sponsor the recycling programmes so that they can take voluntary action for their producer responsibility. **Some programmes may have a time limit on them** so check regularly for what is currently being collected. For further information go to the TerraCycle or CB Environmental Ltd websites.

Please make sure that: the recyclables you bring in are **clean**; use the **appropriate bins** and only deposit items that are identified as **acceptable within the programme**.
